Blackboard: View Assignment Grades and Feedback

You can view your Assignment grades and feedback from your My Grades page. Assignments aren't graded automatically. Your instructor must grade each assignment.

View Assignment Grades

1. Open your Blackboard course and click **My Grades** on the course menu.

Note: If there is no My Grades link on the course menu, you can also access My Grades in the **Tools** area on the course menu.

2. On the My Grades page, you can view all your graded coursework. If a submission isn't graded, the Needs Grading icon 🟡 appears.

Ⓐ Select the assignment's name to view in-line feedback and comments from your instructor.

Ⓑ If a rubric was used to grade, Select *View Rubric* to see your rubric scores and feedback.

Ⓒ Select the *View Feedback* icon 💬 to view your instructor's overall feedback in a pop-up box.

View In-line Comments and Feedback

On the Review Submission History page, you can view your grade, rubric scores, and overall feedback for the Assignment as well as any in-line comments your instructor may have included.

A   **Comment** icons 📋 💬 point out your instructor's comments throughout your paper. You can view all comments in the sidebar to the right of your document. Click on a comment to highlight its location in the document.

B   If a rubric was used to grade your work, select the **View Rubric** icon ⊞ to view details.

C   **Print** or **download** the submission with your instructor's comments and annotations to view it offline.

D   **Zoom and Fit**: Zoom in and out of the submission or adjust the view to fit the page, fit the width, or select the best fit for your screen size.

E   **Pages**: Use the arrows to jump to different pages in the submission.

F   **Sidebar**: View Thumbnails of each page, an Outline of the document, or a list of Annotations in a sidebar view.
