

Customize Notifications from Blackboard

Customize which types of notifications you receive from Blackboard as well as how you receive them. You can modify your notification settings for a specific course or for all of your courses at one time.

1. Log in to Blackboard and click the **Global Navigation Menu** next to your name at the top of the page.
2. Select **Settings** and then **Edit Notification Settings**.
3. Under **Bulk Edit Notification Settings**, click **Courses I am taking**.

Bulk Edit Notification Settings

Select the set of courses or organizations to update and change the notification settings for them in one step. Higher priority notifications should be sent with a method that will deliver that notification in the timeliest fashion.

- **Courses I am taking**

- All
- Selected

4. In the **Select Course** section, choose **All** to modify the settings for all courses at once or **Selected** to choose specific courses.

5. In the Settings section, select which notifications you'd like to receive and how you want them delivered. Clear the box for any notification that you don't want to receive.
