10. After students submit, you can access and grade Assignment submissions from the Grade Center's **Needs Grading** or **Full Grade Center** page.

Access Student Submissions

After students submit to the Assignment, you can access their submissions from the Grade Center's **Needs Grading** page or from the **Full Grade Center** as outlined below.

Needs Grading View

To access the Needs Grading page, go to the **Control Panel**, click **Grade Center**, and click **Needs Grading**.

1. On the Needs Grading page, click on a student's name to open their Assignment submission.
2. The student's submission opens in your browser where you can provide comments and assign a grade.

Full Grade Center View

To access the Full Grade center, go to the **Control Panel**, click **Grade Center**, and click **Full Grade Center**.

To view and grade Individual student submissions:

1. Find the Assignment's grade column, click the down-arrow in a student's cell, and select their **Attempt**.

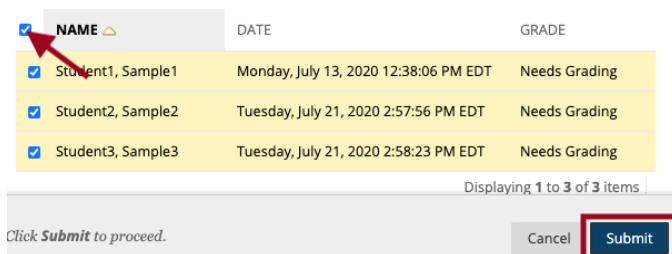

2. The student's submission opens in your browser where you can provide comments and assign a grade.

To download all student submissions to your computer:

1. Go to the Assignment's grade column, click the down-arrow at the top of the column, and select **Assignment File Download** from the menu.

2. Check the box at the top of the list of students to select all submissions for download and click **Submit**.

3. On the resulting page, click **Download Assignments Now** to download .zip file of all the submissions.

Inline Grading – Provide Comments and Annotations

Open assignment submissions right in the browser where you can comment on and annotate them using Blackboard's built-in annotation tools.

-  **Drawing, Brush, and Eraser:** Draw freehand on the file with various colors, thickness, and opacity. You can erase parts of a freehand drawing with the eraser or select the Delete icon to delete the whole drawing.
-  **Image or Stamp:** Choose a preloaded stamp or create your own customized stamp or image to add to the submission.
-  **Comment:** Provide feedback in comments. Your comments appear in a panel next to the submission.
-  **Text:** Add text directly on the submission. You can move, edit, and change the text and select the font, size, alignment, and color of the text.
-  **Shapes:** Choose from Line, Arrow, Rectangle, Ellipse, Polygon, and Polyline. Each shape has its own settings to change the color, width, opacity, and more.
-  **Download** the student's submission with comments and annotations.
-  **Comment Library:** Create a bank of reusable comments.

Highlighter: Select specific portions of text to highlight, strikethrough, underline, squiggle underline, or comment on the selected text.

Inline Grading – Assign a Grade and Feedback

In the Assignment Grading Panel, you can assign the student a grade, attach a file, and give overall feedback for the current assignment attempt. Review the available grading options:

- A. Attempt:** Enter the student’s score for this attempt.
- B. SafeAssign:** If you enabled SafeAssign, you could view the report here.
- C. Grade by Rubric:** If you attached a [Blackboard Rubric](#) to the Assignment, you could grade with it here.
- D. Feedback to Learner:** Provide the student with overall feedback in the textbox.
 - ⊕ Add Content:** Attach files for the student.
 - 🗣️ Text Editor:** Open the text editor window to format text or record audio and video feedback using the add content icon **⊕** and selecting Insert from Webcam.
- E. Save Draft:** Save your work to continue grading later without submitting a grade to the student.
- F. Submit:** Publish the grade and your comments and feedback to the student.
- G. Submission:** Download the student's original submission file (without annotations).
