

View and Print a Photo Roster in Blackboard

View and easily print a roster highlighting your student's photos. The photo roster tool is only available to instructors of the course. Students cannot access or view the Photo Roster.

1. Open the Blackboard course for which you want to view the roster.
2. Go to the **Control Panel**, select **Course Tools**, and click **More Tools (GW)**.

3. On the *More Tools* page, click **View Photo Roster**.

4. On the next page, you can view and print a photo roster of students currently enrolled in your course. Student photos are considered confidential records and should not be shared without permission.

Print

For the exclusive use of course instructors. Providing this to any other persons without the consent of students is strictly prohibited.

Student1, Sample1

Student2, Sample2

Student3, Sample3

zLecturer, Guest

Note: The Roster tool uses student's GWorld photos. If a student does not have a GWorld photo, a generic silhouette image appears.
