

## Blackboard: Access Zoom Course Meeting Cloud Recordings

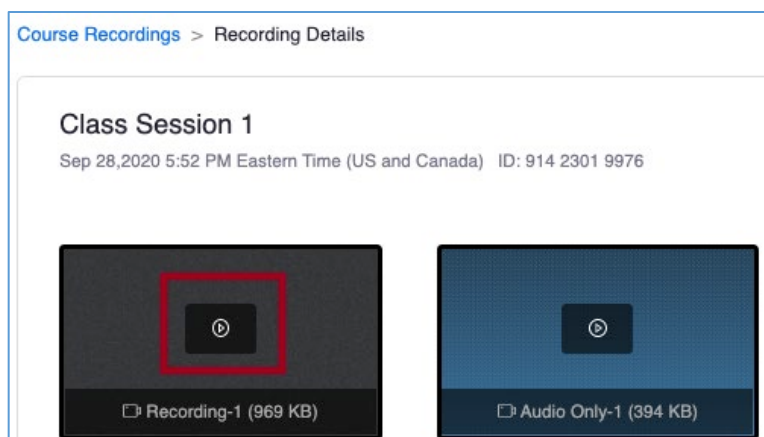

If you used Zoom's Blackboard integration to schedule your course meeting you can view and download recordings from your Blackboard course after the meeting.

1. Open your Blackboard Course.
2. Click the **Zoom Meeting** link in your Blackboard course. Zoom will open in a new tab.
3. Click on **Cloud Recordings** and click the name of the recording that you want to play.

The screenshot shows the Zoom web interface. At the top, it says "Your current Time Zone is (GMT-04:00) Eastern Time (US and Canada)." and "All My Zoom Meetings/Recordings". There are buttons for "Schedule a New Meeting" and a menu icon. Below this are tabs for "Upcoming Meetings", "Previous Meetings", "Personal Meeting Room", and "Cloud Recordings" (which is selected and has a red arrow pointing to it). There is also a "Get Training" link. Below the tabs are search filters: "From" (Select date), "To" (09/28/2020), "Search By" (ID), and a "Search" button. There is also an "Export" button and a checkbox for "Show my course recordings only". Below the filters is a "Delete All" button. The main content is a table with columns: "Topic", "ID", "Start Time", and "File Size". The first row is "Class Session 1" with ID "914 2301 9976", Start Time "Sep 28,2020 17:52", and File Size "4 Files (3 MB)". There is a "Delete" button next to the row. The "Class Session 1" text is highlighted with a red box.

4. Click on the video's thumbnail to open it.

The screenshot shows the "Course Recordings > Recording Details" page. The title is "Class Session 1" with the date and time "Sep 28,2020 5:52 PM Eastern Time (US and Canada)" and ID "914 2301 9976". Below the title are two thumbnails. The first thumbnail is labeled "Recording-1 (969 KB)" and has a red box around its play button. The second thumbnail is labeled "Audio Only-1 (394 KB)".
